

Quality Policy

The Management of Plazit Ibérica define its Quality Policy based on the principles of Excellence in Management.

MISSION

Our core business is manufacturing cast acrylic sheets, in which we are considered a reference in the sector with our brands PLAZCAST, PLAZPAN and PLAZCAST SMR, in addition we distribute other products produced by Plazit-Polygal different factories.

Our purpose:

Improve our position in the market business of cast acrylic sheets. Search new market lines and sectors for our products in order to increase international market share.

Our Commitment:

- Communicate our Management Policy to the stakeholders.
- Supply high quality product and best service to our clients, and be a reliable and supportive supplier with the best quality-price ratio.
- Manufacture new products with a significantly added value.
- Optimize resources and show continuous improvement of our processes and activities.
- Invest in work development and continued team work.
- Assure the welfare and safety of all workers.
- Respect the environment and the prevention of pollution.
- Complete all applicable requirements.

VISION

We aspire to:

Position our product as a reference and one of the most distributed in the market of cast acrylic sheets, to help distinguish Plazit Ibérica as a well-known supplier in the industry. Become a stand out factory in Plazit-Polygal group: profitable in its product lines, excellent in quality, costs and customer management, as well in people and processes.
